About Us

An innovative leader
in high-end health care

About Us

Best Doctors Insurance, with its 30 years of operations, officially joined forces with the multi-award winning **Now Health International** Group in July 2015. This major milestone in the company's history created one of the largest, specialist providers of high-end international private medical insurance globally. With a "Think Global, Act Local" philosophy, the business currently has sales/service offices across Americas, Asia Pacific, Europe, the Middle East and Africa, catering for the simple through to complex medical protection needs of more than 125,000 members across more than 200 countries and territories.

Domiciled and regulated in Bermuda, one of the world's largest centers for insurance, Best Doctors Insurance and Now Health International offer a range of international health insurance plans to the globally mobile population including expatriates, high-net-worth individuals and families, small-to-medium sized companies as well as large corporates and government institutions. Supported commercially via a strategic world-wide re-insurance partnership with the A+ (AM Best) rated Reinsurance Group of America (RGA), customers and distribution partners are reassured by the capital strength, true geographic reach and deep industry expertise and professionalism of the Group.

We are committed to delivering service excellence through the development of strong, long lasting partnerships and the use of sophisticated tools and technology for our customers and distributors. These tools include state of the art internet portals, smartphone applications and a range of exclusive patient services, which converge to ensure a high-quality, personalized customer experience, with access to the best medical facilities both locally and globally.

Better Together

The best of both worlds

Combined Business Best of both worlds

The combination of our two companies creates a top tier specialist international health insurance proposition with complementary products, distribution and geographies.

At **Now Health International** our promise is in our name: 'Now' is clear, innovative and accessible. This means clear, relevant information, easy-to-use online tools and fast service from people who respect your time.

At **Best Doctors Insurance** we have a clear vision to help our members connect with the very best healthcare, with access to the best quality hospitals and specialized centers around the world.

Together, we aim to continue delivering top-class service to our existing and prospective customers, distributors and providers. Key to our integration plan is the deployment of a common, purpose-built, technology platform enabling the provision of a full "in-house" 24/7 customer service offering, in multiple languages and currencies, expand our provider network to deliver increasing economies of scale and deliver better value for members worldwide.

Our Insurance Company

Insuring many of our members globally, Best Doctors Insurance Limited is a non-resident Class 3B insurer in Bermuda. To be registered as a Class 3B insurer the minimum premium requirement is USD \$50 million and Best Doctors Insurance Limited continues to comply with the ongoing solvency requirements the Bermuda Monetary Authority (BMA) place on us. Among the many assurances offered by our Bermuda domicile, we highlight the following:

- Bermuda is one of seven jurisdiction deemed qualified by the US National Association of Insurance Commissioners (NAIC), a United States organization that establishes and governs better practices for the insurance industry in the United States.
- The BMA is a full member of the International Organisation of Securities Commissions (IOSCO), a member of the Group of International Finance Centre Supervisors, and a founding member of the International Association of Insurance Supervisors (IAIS).
- Bermuda is one of three major insurance centres, the most important property catastrophe market, and the largest captive insurance market.
- The BMA is one of the strongest and most respected offshore regulators, providing regulatory frameworks which are consistent with international best practice. It is currently one of only two non EU jurisdictions to have been found fully equivalent to the Solvency II Directive, which is held up as the gold standard of insurance regulation worldwide.
- In 2009, Bermuda became the first offshore jurisdiction to be included on the OECD's white list of compliant, transparent countries.

Our Reinsurance Partner

From January 1 2016 we formalized our group wide strategic reinsurance partnership with RGA, supported by a global team of health underwriting, product development and claims experts.

Our partnership with RGA allows increased underwriting flexibility, provides advanced risk management tools and enhances our overall competitiveness.

RGA is the only global reinsurer focused exclusively on the life and health industry and is the third largest reinsurer in this sector worldwide. As at December 31 2017 it had assets of USD 60.5 billion.

RGA serves clients from operations in more than 26 countries around the world, delivering expert solutions in individual life reinsurance, individual living benefits reinsurance, group reinsurance, financial solutions, facultative underwriting and product development. Reinsurance Group of America holds superior financial strength, operating performance and market profile.

In 2017, RGA was ranked #1 on NMG Consulting's Global All Respondent Business Capability Index (BCI), based on feedback from insurance executives in more than 50 countries.
